

GET OUTSIDE THE EVERYDAY

Get Outside the Everyday

Everyday living doesn't have to mean having an everyday life. MoistureShield is the only high-performance composite decking engineered to deliver 360-degree protection, 365 days a year. So you can enjoy the outdoors to the fullest, no matter where you call home.

Excel Every Day. Product innovations that improve your everyday

life, offering enduring beauty that reduces the need for routine maintenance.

Defy Ordinary. Built to outlast the elements, our wood composite

deck boards can be installed on the ground, in the ground or underwater.

Inspire Life. Create inspired outdoor living spaces, from the Social Spot

to the Play Area, with gorgeous finishes and unmatched performance.

zer  Failures

We're the only decking product with zero structural field failures for more than 30 years. Visit our website to learn more about why that matters and how we stack up against the competition. MoistureShield.com/Why-MoistureShield

Sustainability Matters

We are committed to the ways our products contribute to a greener tomorrow.

We care about every material that goes into our boards. That's why our environmentally friendly products are made from **95% recycled content** and can help earn credit in LEED® green building rating programs.

With every composite board that is manufactured using our sustainable methods, we reduce our consumption of limited natural resources, curb emissions of greenhouse gases and contribute to building a more sustainable world for future generations.

Building with MoistureShield composite decking is equivalent to:

Diverting
100M lbs
of waste from
landfills each year

Saving
110 Gallons
of gas per deck

Reducing
1,500 lbs
of CO₂ emissions
per deck

Reducing
45,000 Cars
worth of greenhouse
gas emissions
annually

100+ million pounds of waste =
7.5 football fields
10 feet deep

The Solid Core Difference™

MoistureShield offers the only wood composite boards in the industry that can be installed on the ground, in the ground or underwater without any structural performance issues. At the foundation of every board is our proprietary Solid Core — an impermeable barrier that fights damage from moisture, rot, insects and other harmful elements. Our core maintains its integrity even after ripping and cutting, mitigating warranty issues and long-term damage.

Choose Solid Core and create outdoor spaces that stand up to the effects of weather and wear — day in and day out.

Wood fibers are individually encapsulated in plastic

Proprietary Core for Unmatched Durability

No Warping or Rotting

Zero Structural Field Failures in 30+ Years

Virtually No Moisture Absorption

Resists Damage from Insects

Excel Through Innovation

Our technology sets MoistureShield decking above the rest.

It started with the Solid Core Difference, and today we continue to design our boards to defy the elements and inspire better living for years to come. That's why we've introduced industry-leading innovations like our CoolDeck® Technology, keeping our boards cooler in hot environments, developing boards that are more authentic and beautiful and creating the strongest composite cap on the market. We've kept our focus on innovation for more than 30 years.

Meridian Citadel
Contractor: Tradesman Services (Marshfield, MA)

Comfort.

CoolDeck® Technology

Finally, composite decking that stays comfortable all season long, when every degree counts. On a hot summer day, a deck can reach temperatures of more than 160°F. That's why we designed the only composite wood decking that helps reduce heat up to 35%*, staying cooler in extreme heat.

MoistureShield with
CoolDeck Technology

VS

Standard Capped
Composite Decking

Up to

35% Less Heat

160°F+

* Reduces heat absorption by up to 35% compared to standard capped composites in a similar color. CoolDeck Technology is available in select colors in the Vision and Meridian lines.

Durability.

DiamondDefense™ Coating

You choose composite decking to avoid maintenance like painting and staining, so why settle for products that scratch or chip on impact? Our DiamondDefense Coating creates the strongest capped wood composite board on the market to protect your deck against everyday damage to stay looking like new for longer.

Beauty.

TruTexture™ Surface

Our proprietary TruTexture™ Coating utilizes advanced techniques to deliver lower pattern repetition, rich color variegation and a realistic wood grain texture in each composite decking board. And with added scratch resistance, you'll spend less time on maintenance and more time enjoying your ultimate backyard sanctuary.

Excel Everyday

Our Products

Our offering provides beautiful options for every project. Create bold and inspired outdoor living spaces that stand up to the effects of weather and wear. All of our products are protected with The Solid Core Difference™ for unbeatable performance in virtually any environment — from above the ground to underwater — so you can rest assured knowing your investment will last a lifetime.

Deck Style Meets Lifestyle

The quick product selection guide on this page will help you understand our products at a glance to solve for your needs. For example, families in hot climates and with young children will want to choose products with our CoolDeck Technology. If you have a rustic, wood-heavy interior design or you live in a forested environment, our Meridian decking will pair beautifully. Heavily-trafficked decks should be made with our Vision decking.

Consider the following questions before choosing the right decking:

- Do you have little children or pets?
Choose Vision or Vantage for high slip resistance.
- Does your region experience many hot summer days?
Choose Vision or Meridian with CoolDeck.
- What kind of style do you have in your home?
For a rustic look and feel, choose Meridian.
For modern, refined colors, choose Vision.
- How often do you entertain large groups?
For heavy foot traffic, choose Vision.
- Are you designing a home dock or pier?
For the highest durability: Vision Marine Grade 2x.
For an authentic wood look: Vantage Marine Grade 2x.
- Are you interested in decking that will last for many years, is low maintenance but also concerned about your budget?
Choose Elevate.
Its scalloped bottom reduces cost while still offering our Solid Core protection giving it the same 50-year structural warranty that is available on all MoistureShield's decking lines.

Vision® with CoolDeck

Extremely durable decking built for bare feet, pet claws, summer heat and sports cleats

Vision® Marine Grade 2x with CoolDeck

Marine grade boards with CoolDeck, premium durability and our highest slip resistance

Meridian™ with CoolDeck

Authentic premium wood look with colors built to keep even the hottest weather at bay

Vantage™

Specialty decking imitates real wood but resists damage from water and harmful elements

Elevate™

Affordable and high-performing composite decking with a strong, protective barrier

Vantage™ Marine Grade 2x

Marine decking that retains the look of real wood with our water-resistant Solid Core

Vision

Bold. Refined. Infinite.

It's time to step up to the future of composite decking. Our strongest capped wood composite board is protected with our exclusive DiamondDefense™ Coating to exude distinctive style while resisting scratches, stains and damage on impact. Choose from beautiful color options and textures that reflect the look of real hardwood while ensuring unmatched performance features designed to last a lifetime.

Elevate

Vantage

Versatile. Durable. Dependable.

Decking gets an upgrade with a wood composite board that works better than pressure treated lumber. When it comes to creating custom artisan decks, there's no material that cuts, rips or bends better while still maintaining its integrity. That's because our Solid Core runs through the entire board to ensure protection without a cap. As a result, there's no need for painting, staining and yearly repairs with this beautiful decking option that's resistant to moisture, rot and warping.

And as our most realistic composite wood decking, the high wood fiber content and uncapped construction of Vantage decking means it will weather and lighten in color just like authentic wood. See the weathered swatches on the next page to ensure you'll love the end result.

- **Made with 95% recycled material**
- **Matte finish**
- **Transferable 50-year structural warranty**

Joist Tape

pg. 30

Deck Lights

pg. 31

MoistureShield Deck Clip

Metal Hidden Deck Fastener

Get the most seamless installation possible with our exclusive hidden fasteners. Designed specifically for our wood composite boards, these fasteners provide superior holding power that fits securely into grooved profiles. Hidden fasteners can even add to the life of your deck by elevating the boards off the joists to reduce structural rot and mold. They're backed by a limited lifetime warranty against any loose deck boards.

Benefits of our hidden decking fasteners include:

- Easy to install with pneumatic fasteners or screws
- Concealed fasteners create an unblemished deck surface
- Allows joists to completely dry out – reducing structural rot or mold
- Powder coated high strength steel or stainless steel

All clips also available in 304 grade stainless steel approved for coastal applications.

Standard Clip Packs include black coated carbon steel screws. Stainless steel kits include black coated 305 grade stainless steel screws.

NOTE: Traditional face screws can also be used.

Fastener Options that Work for You:

Complete System: Covers 50 Square Feet of Decking

- Includes 90 clips, 5 starter clips, 5 finish clips, and 100 screws
- Available in hand drive or pneumatic fasteners

Contractor Pack: Covers 250 Square Feet of Decking

- Includes 450 clips and 500 pneumatic nail screws
(Starter and finisher clips are sold separately)

Deck Clip Pack: Covers 250 Square Feet of Decking

- Includes 450 clips and 500 regular screws
(Starter and finisher clips are sold separately)

Starter Clip Pack: 25 Starter Clips with 25 Screws

- Starter clips are used to fasten the first deck board to the ledger board
(Estimated need for 250 square foot deck)

Finisher Clip Pack: 25 Finish Clips with 25 Screws

- Finish clips fasten the last deck boards
(Estimated need for 250 square foot deck)

Transition Clip Pack: 25 Transition Clips with 25 Screws

- Transition clips are used for picture frame decking and repair

For Installation: Pneumatic Hidden Deck Installation Tool

AEGIS CLIP™

Plastic Hidden Deck Fastener

The MoistureShield Aegis Clip™ offers a 90-degree installation process and fastener options designed to be used on wood or steel joist systems. The teeth on the bottom of the clip bite into the grooved deck board to help control lateral movement of the deck boards. Made from glass reinforced polypropylene for lasting strength and durability.

Benefits of our AEGIS Clip™ decking fasteners include:

- Concealed fasteners create an unblemished deck surface
- Beveled edges & pre-inserted screws for easy installation
- Clip teeth bite into the groove to help control lateral movement
- Approved for ACQ joists and all other PT joists

Fastener Options that Work for You:

50 SQ FT BOX

- Includes:
 - 90 fasteners with pre-inserted screws
 - T-15 Star Driver Bit
 - Instruction Sheet

250 SQ FT BUCKET

- Includes:
 - 450 fasteners with pre-inserted screws
 - T-15 Star Driver Bit
 - Instruction Sheet

Both package sizes available with Stainless or Carbon screws with options for Wood or Steel substructures.

Clip Box & Bucket coverage based on 16" o.c. installation.

NEW PRODUCT

Joist Tape

Added Protection for Longevity

When you choose deck boards protected with the Solid Core Difference™, don't let your substructure go unprotected. Ensure every inch of your deck is designed to defy the elements with joist protection tape from MoistureShield. Its patented acrylic adhesive and woven cloth substrate creates a tight seal over your deck joists and deck screws to prevent moisture infiltration. MoistureShield Joist Tape tears easily without tools, doesn't stick to itself and can be repositioned without leaving a residue, making it incredibly easy to work with on any substrate material—including lumber and steel.

MoistureShield Joist Tape is available in 65-foot rolls and in the widths of 2 inches, 4 inches and 6 inches to accommodate your needs.

- Using deck joist tape adds up to 10+ years to the life of your deck
- Tears easily by hand without tools for easy handling on the job site
- Seals tightly around deck screws, preventing moisture infiltration and corrosion
- For application temperatures between -20°F to 200°F (-29°C and 93°C)

3 Sizes Available:

2" Joist Tape
2" width x 65-foot length

4" Joist Tape
4" width x 65-foot length

6" Joist Tape
6" width x 65-foot length

NEW PRODUCT

Deck Lights

Create a completely custom outdoor living space with the right composite deck lighting. We offer the perfect selection of complementary outdoor deck lighting options to add the right amount of ambiance, elegance and safety to your outdoor environment. All of our LED deck lights are protected by a 5-year warranty when installed with MoistureShield light accessories. Browse our range of deck accent lighting from stair lighting to post lighting.
