**UV
PROTECTION**

Premium Oil Pre-stained Fencing combines Alta Forest Products Douglas Fir with Wood Defender Pre-Stain Technology to create a product that is curb-appeal-ready from the moment it's installed. Wood Defender's stain is applied at the factory using proprietary technology to ensure a quality appearance and consistent coverage. Premium Oil Stain helps to protect against damage from UV rays and moisture, enhancing the natural beauty and increasing the lifespan of your fence.

**Pre-stain framework also available.*
